ADDITIONAL LIVING AND ENTERTAINMENT EXPENSES

Medical Insurance

International students are expected to have their own medical insurance by the time they arrive on campus. Insurance costs vary depending upon the age of the student and the amount of coverage desired. Several companies provide insurance coverage for international students on a daily, monthly, or annual basis and the coverage can be purchased online. Student insurance companies include [ISO Insurance](#); [International Student Insurance](#); and [Compass Student Health Insurance](#); or the company of your choice.

HOME STAY

Our international program features a home stay where students are matched with a compatible host family to enhance the cultural exchange and provide room, board, and support. Additional costs may also be incurred and should be budgeted for. These may include:

Personal items / Toiletries / Clothes

Field trips

Individual outings with friends, movies, restaurant meals, etc.

Personal cell phone expenses

CREDIT CARDS

This is a good method for paying for extra expenses in the United States; however, some companies have restrictions on issuing credit cards to international students since they have not established a U.S. credit history. Using credit cards from a home country is an option; for example, Eurocard, Barclaycard, American Express, Visa or Mastercard are excellent choices. You may wish to establish a monthly limit on the card.
